Mis-reporting and Mis-representing. In the Colonist's report of a prelimi-

nary meeting, published yesterday, the remarks of Mr. DeCosmos were almost entirely mis-reported, and the comments founded on the report and published in the same issue were equally erroncous. The facts of the case were that a number of gentlemen who agreed in the RIDING SADDLES opinion that Victoria and Esquimalt ought to be the terminus of the Trans-Continental Railway to Canada, decided to hold a preliminary meeting, of a few persons, before calling a general public meeting, to effect that object. These gentlemen held that to secure the terminus at this place we must have a railway Lennans Patent Ladies Stirrup, built between Victoria and Nanaimo, as a part of the Trans-Continental Railway. They accordingly met together, according to arrangement, to take pre-liminary proceedings in the matter. Mr. Robson of the Colonist, who had been invited to attend, by the gentlemen al-luded to, commenced a long rambling Horse Clothing, Felt Saddle speech, tiring out the patience of every one, about the railway being made a condition of Confederation, till Dr. Tolmie very properly said: "Why, Mr. Robson, you are fighting a wind-mill,"—when the latter gentleman very suddenly collapsed. Mr. DeCosmos subsections are the made a few very brief remarks, quently made a few very brief remarks, Stirrup Leather, Girths, &c in which he deprecated raising the question of the terminus on that occasion; but advised that in order to effect their purpose, to confine the discussion to the object for which the meeting was called for if controversial questions, such as Mr. Robson bad raised, were allowed to enter a meeting of that kind, nothing could which will be sold to the trade Cheap for be accomplished. The wisdom of avoiding a controversy was very manifest, for the object of the meeting was quickly attained through Mr. DeCosmos moving that:—"In the opinion of this meeting a railway ought to be constructed be-tween Victoria and Nanaimo, as part of the Trans-Continental Railway." This make Victoria the terminus. The report also stated that Mr. DeCosmos "pointed out the great disadvantage our railway

resolution, after being seconded by Dr.
Tolmie, was unanimously adopted. The promoters of the meeting thus succeeded in their object to initiate a movement to the meeting thus succeeded in their object to initiate a movement to the meeting thus succeeded in their object to initiate a movement to the meeting thus succeeded in their object to initiate a movement to the meeting thus succeeded in their object to initiate a movement to the meeting thus succeeded in their object to initiate a movement to the meeting thus succeeded in their object to initiate a movement to the meeting thus succeeded in their object to initiate a movement to the meeting thus succeeded in their object to initiate a movement to the meeting thus succeeded in their object to initiate a movement to the meeting thus succeeded in their object to initiate a movement to the meeting thus succeeded in their object to initiate a movement to the meeting thus succeeded in the meeting thus s LARGEST, FINEST AND CHEAPEST Jewelry, Music Boxes, would have to compete with the North Pacific railway, should the former stop at Burrard Inlet." Now he never made any such remarks; but he did say that with a railway terminus at Seattle, and another at Burrard Inlet, and no line to connect Victoria with Nanaimo and Bur A Full Assortment of Spectacles and Eye rard Inlet, that this city would be ser-Glasses in Gold, Silver, Steel and Shell Frames, to suit all Sights and Ages. At the iously injured. Again, the report states : "He was in favor of droping the issue about making the terminus question a condition of Confederation, and going in Lowest Prices, at J. L. JUNGERMANN'S, for asking merely that it should be at Victoria and Esquimalt, if found practi-eable." This also mis-reports Mr. De-Cosmos. What he asked for was this: NOTICE TO FARMERS That instead of merely contending that Victoria and Esquimalt be m. de the ter-minus, as a condition of Confederation, COR WHICH THE HIGHEST MARKET PRICE that we ask that a railway from Vicst of May, 1871.
EVANS & WILLIAMS, Pork Butchers,

So far as the practicability of making the railway from Victoria to Nanaimo is concerned, he never said "if found practicable, for it is notoriously a practicable route
for a railway. Again, Mr. DeCosmos
never said, as reported in the Colonist,
"let the survey decide" where the terminus will be located. What he did say

A Complete Assortment of was: "Let the survey decide whether the rallway will come down the Fraser Groceries & Case Goods. valley or by way of Bute Inlet, to con-nect with Nanaimo." With respect to the statement that we have relinquished the idea of making the terminus at Vic-toria a coudition of Confederation, we can assure our cotemporary that the STANDARD will still insist that any candidate to represent this Island in the Council shall be sound on that issue, and no mistake. The sore spot with the Colonist is, apparently, that whilst it has been denouncing Mr. DeCosmos for GENERAL OUTFITTER. agitating the terminus question, that gentleman has been co-operating with others to secure the terminus for Vic-Ex Montgomery Castle toris, beyond a doubt; and it has and other late arrivals a large and choice stock of now woke up to find itself a day FALL & WINTER GOODS. behind the fair. This must be very apparent to every one who will read yester-day's issue, in which the chagrin of its conductors at the success of the ter-Beaver Inverness Capes, minus movement is too manifest to need particularizing.
